

## Meet the Instructors

**Janice DePace** is a cosmetology teacher at the Medford Vocational-Technical High School. Janice has over 30 years of experience as a licensed cosmetologist. She receives continuous education in this industry and teaches the newest techniques in coloring and creative cutting. Janice has many years of working experience in a salon and teaches students the importance of work ethics and employability skills.

**Sandy Gianino** has been the cosmetology teacher at Medford Vocational-Technical High School for ten years. She has over 34 years experience in the industry and has her own hair salon for 23 years. She is enrolled in a continuous education program in the field of cosmetology and teaches the students all the newest techniques in today's creative hair coloring & cutting. Sandy has found placement for a great percentage of the students that have graduated from the cosmetology course.

The **Post Graduate Cosmetology Program** is designed to give each student the education, confidence, and the knowledge to pass the state board exam as well as the ability to work in a salon or spa. There are placement referrals to help the students find a job that is right for them.

### The Program

The Cosmetology program for post-graduate study is a ten month program preparing the student for the Massachusetts licensing examination, upon completion of 1000 hours. The program boasts a 100% success rate for graduates who pass the examination.

Students study all aspects of the cosmetology field including, manicuring, hair coloring, permanent waving, cutting, professional ethics, salon management and sanitation.

Students who have achieved 500 hours will work on patrons who visit the school.

The Cosmetology Department keeps current with the latest trends in fashion and hair-styling by participation in field trips to trade shows and by maintaining close contact with members of the program advisory board. Advisory board members are professionals currently working in the field of cosmetology who give counsel and advice to insure the program is current and satisfies the needs of the students and the industry.

### Who is eligible?

High School graduates are eligible or students eligible for a GED to enroll in this full day program. Classes are 8 a.m. to 2:30 p.m., Monday through Friday.

### Cost

- \$1500 registration fee required (applied toward tuition.)
