

MCGLYNN MIDDLE SCHOOL

The mission of the McGlynn Middle School Guidance Program is to ensure student success through the combined efforts of students, staff, families and community. Our staff is proactive and responsive to every aspect of our students; academic, social and emotional.

There are three components of the McGlynn Middle School Guidance Program:

- **Responsive Services:** Personal and crisis counseling, consultation and referrals
- **Support Services:** Services to Students, Parents, Teachers and Administrators
- **Guidance Curriculum:** Lessons that will empower students to advocate for their own physical, emotional and intellectual needs.
