Asst. Principal

Dear Andrews Parent(s)/Guardian(s):

Did you know that our school now has a paper recycling program called the Abitibi Paper Retriever? It is not just for the school to use but for the whole community! Recycling one ton of paper saves over 7,000 gallons of water, 390 gallons of oil and 60 lbs of air emissions.

By recycling paper, not only do you save water and energy, but **our school earns money for every pound of paper you help us collect.** We can use this money for new playground equipment, books and special events.

Please put all of your magazines, mail, newspapers and office papers in the green and yellow bin in our parking lot; but do not include cardboard* (cereal boxes are considered cardboard).

The paper is recycled by Abitibi and used to make new newsprint. The entire process, from the time our bin is picked up to the time the newspaper is printed, only takes about two weeks!

Thank you for your continued support of this important fundraising effort.

Sincerely,

Timothy S. Blake

*Listed also on our website are the other materials Abitibi will accept
